

MATERIAL SAFETY DATA SHEET

FILE NO.: S249090-

S249094

GeLavish Enhance-It

SECTION 1: PRODUCT AND COMPANY IDENTIFICATION

PRODUCT NAME: GeLavish Enhance-It

CHEMICAL NAME: N/A

CHEMICAL FAMILY: UV Gels

PRODUCT USE: Nail Gel

EMERGENCY PHONE: Info-Trac 1-352-323-3500

EPA New Zealand Approval Code: HSR002552

Refer to www.epa.govt.nz for Controls for this substance.

MSDS DATE: 10/25/2017

MANUFACTURER: International Nail Manufacturers (inm)

DIVISION: Nail Cartel, Inc.

ADDRESS: 1221 N. Lakeview Ave.

PHONE: 714-779-9892

FAX: 714-779-9971

New Zealand Supplier: NAILX Beauty Supplies (2015) Limited
5/201 Opawa Road, Hillsborough, Christchurch

PREPARED BY: Garret Kellenberger-Production Manager

SECTION 2: COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Identity | CAS Numbers | EINECS# | INCI Name | Exposure OSHA TWA/STEL | Limits ACGIH TWA/STEL | Carcinogen IARC/NTP/OSHA | % |
|--|-------------|-----------|--|------------------------|-----------------------|--------------------------|-------|
| Polyurethane Acrylate Oligomer | Exempt | N/E | Di-Hema Trimethylhexyl Dicarbamate* | N/E | N/E | Not Listed | 55-65 |
| 2-Hydroxyethyl Methacrylate | 868-77-9 | 212-782-2 | HEMA | N/E | N/E | Not Listed | 8-13 |
| Hydroxypropyl Methacrylate | 27813-02-1 | 248-666-3 | Hydroxypropyl methacrylate | N/E | N/E | Not Listed | 8-13 |
| Polyethylene Glycol 400 Dimethacrylate | 25852-47-5 | N/E | Polyethylene Glycol 400 Dimethacrylate | N/E | N/E | Not Listed | 3-8 |
| Isopropyl Alcohol | 67-63-0 | 200-661-7 | Isopropyl Alcohol | 400 ppm | 400 ppm | 3/none/none | 0-3 |
| n-Butyl Acetate | 123-86-4 | 204-658-1 | Butyl Acetate | 150 ppm | 150 PPM | Not Listed | 0-3 |
| Ethyl Acetate | 141-78-6 | 205-500-4 | Ethyl Acetate | 400 ppm | 400 ppm | No/no/no | 0-3 |
| Hydroxycyclohexyl phenyl ketone | 947-19-3 | 213-426-9 | Hydroxycyclohexyl phenyl ketone | N/E | N/E | Not Listed | 0-1 |
| Mica | | | | | | | 0-1 |

May Contain the Following: Please see Section 16 for additional compounds

| | | |
|----------------------|------------------------|-----------------|
| N/E-None Established | N/DA-No Data Available | *See Section 16 |
| N/R-Not Reviewed | N/A-Not Applicable | |

Polyurethane Acrylate Oligomer: Hazard Symbol: Xi Risk Phrases: R36/37/38 Safety Phrases: S14, S3/7, S62

2-Hydroxy ethyl methacrylate: Hazard Symbols – Xi Risk Phrases – R36/38, R43 Safety Phrases – S2, S26, S28

Hydroxypropyl Methacrylate: Hazard Symbol: Xi Risk Phrases: R36/37/38, R43 Safety Phrases: S26, S36/37

Polyethylene Glycol 400 Dimethacrylate: Hazard Symbol – Risk Phrases – R36/37/38 Safety Phrases – S26, S36, S37

Isopropyl Alcohol: Hazard Symbol – F, Xi Risk Phrases – R11, R36, R67 Safety Phrases – S2, S7, S16, S24/25, S26

n-Butyl Acetate: Hazard Symbol: N/E Risk Phrases: R10, R66, R67 Safety Phrases: S2, S25

Ethyl Acetate: Hazard Symbol: F, Xi Risk Phrases: R11, R36, R66, R67 Safety Phrases: S2, S16, S26, S33

See Section 16 for Risk and Safety Phrase Key

SECTION 3: HAZARDS IDENTIFICATION

GeLavish Enhance-It

EMERGENCY OVERVIEW

This information is based on finding from related or similar materials.

- May be slightly toxic.
- May cause moderate skin injury (reddening & swelling).

- May cause eye irritation

Potential Health Effects, Signs and Symptoms of Exposure:

- Primary Route of Entry:** No specific information is available for this product. Although, this product opposes only slight irritation concern with all routes of entry.
- Eyes:** No specific information available. Contains materials that are essentially nonirritating, but contact may cause slight transient irritation.
- Skin:** No specific information available. Contains materials that may cause moderate skin injury (reddening and swelling) and /or sensitization. Prolonged contact may cause blister formation (burns). Since Irritation may not occur immediately, contact may go unnoticed.
- Ingestion:** No specific information available. Contains materials that may be practically nontoxic.
- Inhalation:** No specific information available. Low volatility makes vapor inhalation unlikely.
- Sub-Chronic Effects:** No specific information available. Limited tests showed no evidence of teratogenicity in animals. A lifetime skin painting study with mice showed no evidence of carcinogenicity.

NOTE: Refer to Section 11, toxicological information for Details

SECTION 4: FIRST AID MEASURES

- First Aid for Eye:** Flush with plenty of water for 15 minutes and retract eyelids often. Seek medical attention immediately.
- First Aid for Skin:** Remove contaminated clothing and wash contact area with soap and water for 15 minutes.
- First Aid for Ingestion:** If appreciable quantities are swallowed, seek medical attention.
- First Aid for Inhalation:** In case of exposure to a high concentration of vapor or mist, remove person to fresh air. If breathing has stopped, administer artificial respiration and seek medical attention.

SECTION 5: FIRE-FIGHTING MEASURES

| Flash Point (°F/°C) | Flammable Limit (vol %) | Auto-ignition Temperature (vol %) |
|---------------------|-------------------------|-----------------------------------|
| 120°F/43°C Setflash | No Data | No Data |

Method:

- Extinguishing Media:** Use carbon dioxide or dry chemical for small fires: aqueous foam or water for large fires.
- Fire Fighting Instructions:** Remove all ignition sources. Wear self-contained breathing apparatus and complete personal protective equipment when entering confined areas where potential for exposure to vapors or products of combustion exists.
- Unusual Hazards:** High temperatures and fire conditions may cause rapid and uncontrolled polymerization which can result in explosions and the violent rupture of storage vessels or containers. Avoid the use of a stream of water to control fires since frothing may occur.

SECTION 6: ACCIDENTAL RELEASE MEASURES

GeLavish Enhance-It

Spill or Release Procedures: Spontaneous polymerization can occur. Eliminate ignition sources. Use eye and skin protection. Place leaking containers in a well ventilated area. Dike and recover large spills. Soap up small spills with inert solids (such as vermiculite, clay) and sweep/shovel into disposal container. Wash spill area with strong detergent and water solution; rinse with water, but minimize water use during clean-up. Do not flush to sewer! US Regulations (CERCLA) require reporting spills and releases to soil, water and air in excess of reportable quantities. The toll free number for the US Coast Guard National Response Center is (80) 424-8802. EU Regulations require the consultation of Directive 98/24/EC. Dispose and report per regulatory requirements if necessary. Please prevent washings from entering waterways.

SECTION 7: HANDLING AND STORAGE

Handling: Avoid contact with skin and eyes. Avoid breathing vapor. Keep container closed when not in use. Avoid prolonged exposure to light. Remove all contaminated clothing, shoes, belts and other leather good immediately. Incinerate leather goods (including shoes). Wash contaminated clothing thoroughly before reuse. Wash skin thoroughly with soap and water after handling. Solvents should not be used to clean skin because of increased penetration potential.

Most acrylic monomers have low viscosities, thus only needing room temperature conditions to facilitate proper pouring techniques. However, viscous type gels such as these may require heating to facilitate proper pouring techniques. To ensure that this happens, product may be heated to 60°C/140°F for not more than 24 hours. Do NOT use localized heat sources such as band heaters to heat/melt product. Do NOT use steam. Hot boxes or hot rooms are recommended for heating/melting material. The hot box and/or room should only be set to a maximum temperature of 60°C/140°F. Do not overheat, that may compromise product effectiveness and should be avoided. Refrain from multiple reheatings of product, this will also diminish the quality of the product.

SECTION 7: HANDLING AND STORAGE (cont)

Storage: Product is extremely light sensitive. If exposed to natural light or UV light, material will cure very quickly. Store in a cool, dry place, away from heat and all types of light. Store at temperatures below 100°F/38°C but above the products freezing point. If no freezing point is given, keep above 32°F/0°C at all times.

Explosion Hazard: High temperatures and fire conditions may cause rapid and uncontrolled polymerization which can result in explosions and the violent rupture of storage vessels or containers.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Controls: Local exhaust recommended to control exposure which may result from operations generating aerosols and hot operations generating vapors.

Personal Protective Equipment

General: To identify additional Personal Protective Equipment (PPE) requirements, it is recommended that a hazard assessment in accordance with the OSHA PPE standard (29CFR1910.132) or European Standard EN166 be conducted before using this product. Provide eye wash stations and safety showers. Wear impervious clothing to prevent ANY contact with this product, such a gloves, apron, boots, or whole body suit. Nitrile rubber is better than PVC.

Eye/Face Protection: Wear chemical splash goggles.

Skin Protection: Wear impervious gloves (Neoprene)

Respiratory Protection: A NIOSH/MSHA approved air purifying respirator with an organic vapor cartridge or canister may be permissible under certain limited circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by nuisance level organic vapor dust masks can be used, however the use of the respirator is limited. Follow OSHA respirator regulations found in 29CFR1910.134 or European Standard EN149.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

| Appearance | Odor & Odor Threshold | pH | Specific Gravity | Viscosity | % Volatile |
|--|------------------------------|----|------------------|-----------|-----------------|
| Clear to slight violet, viscous liquid | Characteristic acrylate odor | NA | (H2O=1) : 1:15 | N/DA | By Volume: <0.5 |

| Boiling Point/Freezing Point | Decomposition Temperature | Octanol/Water Partitioning Coefficient Log Po/w | Vapor Pressure | Vapor Density | Evaporation Rate | Ignition | Solubility in Water |
|------------------------------|---------------------------|---|-----------------------|---------------|------------------|----------|---------------------|
| N/A | N/A | N/A | (mm Hg) @ 20 C: <0.01 | No Data | No Data | No Data | Insoluble |

GeLavish Enhance-It

| | | |
|--|---|---|
| Flash Point (°F/°C) > 120°F/49°C Setaflash | Flammable Limit (vol %) No Data | Auto-ignition Temperature (vol %) No Data |
|--|---|---|

SECTION 10: STABILITY AND REACTIVITY

Stability: Normally Stable

Hazardous Decomposition Products: Fumes produced when Heated to decomposition may include: carbon monoxide, carbon dioxide

Conditions to Avoid: Storage >100°F/38°C, exposure to light, loss of polymerization inhibitor, contamination with incompatible materials.

Incompatibility (Materials to Avoid): Polymerization initiators Including peroxides, strong oxidizing agents, copper alloys, carbon Steel, iron, rust and strong bases.

Hazardous Polymerization: May occur-Uncontrolled polymerization May cause rapid evolution of heat and increased pressure that could result in violent rupture of sealed storage vessels or containers.

SECTION 11: TOXICOLOGICAL INFORMATION

| Acute Oral Toxicity | Acute Dermal Toxicity | Acute Inhalation Toxicity | Irritation-Skin | Irritation-Eye |
|--------------------------|--------------------------|---------------------------|--------------------------|--------------------------|
| No information available | No information available | No information available | No information available | No information available |

Since this product contains a very low concentration of active components, the primary toxicological information is derived from the oligomers. Further hazardous properties cannot be excluded. The product should be handled with care when dealing with chemicals.

| Sensitization | Mutagenicity | Sub-Chronic Toxicity |
|---------------|--------------|----------------------|
| N/DA | N/DA | N/DA |

SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicological Information

| Acute Toxicity to Fish | Acute Toxicity to Invertebrates | Acute Toxicity to Algae | Bioconcentration | Toxicity to Sewage Bacteria |
|------------------------|---------------------------------|-------------------------|------------------|-----------------------------|
| N/DA | N/DA | N/DA | N/DA | N/DA |

Chemical Fate Information

| | |
|-------------------------------|------|
| Biodegradability | N/DA |
| Chemical Oxygen Demand | N/DA |

SECTION 13: DISPOSAL CONSIDERATIONS

Non-contaminated, properly inhibited product is not a RCRA hazardous waste. It is the generators responsibility to determine what is classified as a hazardous waste. Comply with all federal, state, and local regulations. Dispose of diking materials and absorbent in compliance with State, Local, and Federal Regulations. Residual vapors may explode on ignition; do not cut, drill, or weld on or near the container. Mix with compatible chemical which is less flammable and incinerate.

SECTION 14: TRANSPORT INFORMATION

SECTION 16: OTHER INFORMATION

EU Classes and Risk/Safety Phrases for Referenced Ingredients (See Section 3):

Hazard Symbol:

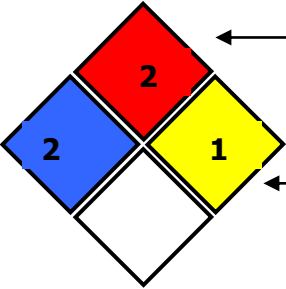

Xi-Irritants
F-Flammable

Risk Phrases:

R10-Flammable; R11-Highly Flammable; R36-Irritating to eyes; R43-May cause sensitization by skin contact; R66-Repeated exposure may cause skin dryness and cracking; R67-Vapors may cause drowsiness and dizziness; R36/37-Irritating to eyes, respiratory system and skin; R36/38-Irritating to eyes and skin

Safety Phrases:

S2-Keep out of reach of children; S3/7-Keep container tightly closed in a cool place; S7-Keep container tightly closed; S16 Keep away from sources of ignition-No smoking; S24/25-Avoid contact with skin and eyes; S26-In case of contact with eyes, rinse immediately with plenty of water and seek medical advice; S27 Take off immediately all contaminated clothing; S28-Take precautionary measures against static discharges; S35-This material and its container must be disposed of in a safe way; S36-Wear suitable protective clothing; S36/37-Wear suitable protective clothing and gloves; S62-If swallowed, do not induce vomiting: seek medical advise immediately and show this container or label.
